## Whisky That Overcomes Prejudice Against Whisky

This whisky is *pure*; some people say it's too pure. It is distilled and sold as a medicinal liquor—good for sick people and good to keep people from getting sick. No medicine ever discovered equals whisky in its tonic effect—witness the endorsements of this liquor by over 40,000 physicians, the originals of which are on file in our offices.

### James E. Pepper

*The National Whisky—“Born with the Republic”*

—is not sold in competition with low proof, “doctored” whisky. It is *not* recommended for consumption as a beverage—but as a body-stimulant. It is sold, principally by the better merchants—men who pride themselves in maintaining an honorable business—“within the law.” The only whisky sold on absolute guarantee—money back if not completely pleased. Our dealers are authorized to make refunds at our expense.

### TWENTY-ONE HUNDRED CLERKS LOSE JOBS WHEN STORES CLOSE

**(By Leased Wire to Evening Herald.)**

New York, March 12.—On the eve of the closing of the two great New York department stores, one owned by Henry Siegel and Frank E. Vose, both under indictment, charges were laid before District Attorney Whitman today that the sick benefit of the stores' employees was hopelessly involved with the deposits in the Siegel private bank, now defunct. More than 2,000 employees who will lose their jobs tomorrow when the stores are closed by order of the court, heard that they were likely to sustain this loss, in addition to their savings, which more than half of them had deposited in the Siegel bank.

The latest turn in the big department store scandal was discussed today by the district attorney and Robert McMeekin, secretary of the Siegel Stores corporation, and by an examiner from the state banking department. It was said that thus far the district attorney had been unable to learn the whereabouts of the sick benefit fund or gain an inkling of its size. The fund was accumulated by weekly assessments of two per cent on the salaries of the employees.

### PREPARING TO WIND UP UNITED STATES EXPRESS COMPANY

**(By Leased Wire to Evening Herald.)**

New York, March 12.—The directors of the United States Express company met here today to make official decision as to the future of the company. It was expected that the meeting would complete the plans already made for winding up the company's affairs.

The liquidating committee, as agreed on early in the day, consisted of Charles A. Peabody, president of the Mutual Life Insurance company, and a representative and adviser of

the Harriman interests; Wm. A. Reed, W. Avrill Harriman, Eugene Delano and Haley Fisk.

The late E. H. Harriman bought more than 22,000 shares of United States Express company stock from the Adams and American Express companies and his estate holds about half of the total issue of 190,000 shares.

### GLYNN PROPOSES STATE FOOD MARKET FOR NEW YORK

**(By Leased Wire to Evening Herald.)**

New York, March 12.—The establishment of a state food and market commission was recommended by Governor Glynn today in a special message to the legislature.

The governor's idea is that the commission should be authorized to negotiate and encourage the establishment of local markets under the control of cooperative associations, under the control of consumers and to help them in the establishment of grades and standards of farm food products.

The proposed system was worked out on a model of a system which has proved successful in France. The plan is designed to correct inequalities in the division of profits between the producer and intermediary seller. The scheme includes both local cooperative markets and general auction markets, where farm products may be sold by licensed auctioneers.

### FIGHT WILL COST PUEBLO CLUB \$1,500

Brannigan and Chavez Each  
Demand and Receive Forfeit of \$750. Gate Goes  
60-40.

**(Special Dispatch to Evening Herald.)**  
Pueblo, Colo., March 12.—The man that Johnny Coulon, bantamweight champion couldn't whip, one Harry Brannigan of New Castle, Pa., cost the Rex club \$750 to bring him to Pueblo for a battle with Benny Chavez. Pairey demanded that a guarantee of \$750 be deposited in a local bank as his share of the purse with the privilege of splitting 50 per cent of the gate, \$6 and 40 with Chavez. Brannigan got what he asked for without any argument. If he beats Chavez he can take 60 per cent of the fighters' end of the gate receipts. If he loses he can take either 40 per cent of the fighters' end or \$750. Chavez gets the same guarantee as Brannigan which makes the fight good that the Rex club will offer on the night of March 15, a \$1500 affair.

The same terms would have brought Willie Ritchie, Jackie McFarland, George Chip, Jack Fulton of Jim Flynn here for a 15-round battle with any man in the same class.

The Chavez-Brannigan bout is the biggest card, the most costly battle, and probably will be the fastest and best battle that Pueblo fans will ever have an opportunity to witness. Local fight fans who will plunk down their shekels for the Chavez-Brannigan battle will be disengaged enough to realize that the card is an exceptional one and one that it takes money as well as finesse to stage in any ring.

### FEDERAL CLAIMS TO HAVE LANDED BAUMGARDNER

Manager Stoval of Kansas City Team Declares He has also Signed Williams. Mason Calls it Joke.

**(By Leased Wire to Evening Herald.)**  
New Orleans, March 12.—President Hedges of the St. Louis Browns has released Pitcher Baumgardner and Outfielder Williams, both of whom played with the Browns last year, and they will report to the Kansas City Federal League club, according to Manager Stoval of the Kansas City team, who passed through here today en route to Wichita Falls, Texas, his team's training camp. Stoval said he had come from St. Petersburg, Fla., where he had interviewed Baumgardner and Williams regarding the Federal league contracts they are reported to have signed last winter. He asserted the players would join the Kansas City team at once.

**Mason Says It's Joke.**  
St. Louis, March 12.—The report that Pitcher Baumgardner and Outfielder Williams had been released to the Kansas City Federals was characterized as a joke by Hiram Mason, secretary of the St. Louis Americans today. President Hedges and Manager Hickey are both in Florida where the St. Louis Americans are training.

**Governor Issues  
Proclamation  
for Arbor Day**

Sets Friday, March 27th as Tree Planting Day in New Mexico. Children to Vote on State Flower.

**(Special Dispatch to Evening Herald.)**  
Santa Fe, N. M., March 12.—Governor McDonald today issued a proclamation setting Friday, March 27th, as Arbor Day in New Mexico. The proclamation follows the usual form, declaring a holiday in the schools which it is urged shall be used in planting trees and in beautifying school and home grounds.

The committee of the state Education department has set Arbor day as the day on which all the school children of the state will be asked to vote on a state flower. It is the purpose of the committee to recommend to the association and the legislature for adoption the flower chosen by a majority of the children.

An arbor day has been selected by friends of the cause for the state flower, while others are seeking to have the cosmos declared for. There has been some criticism among educators as to submitting the question to all grades of school children, as it is claimed the younger children are not prepared to exercise judgment and will vote as their teachers tell them.

### BODIES SWEEPED OUT OF WRECK OF THE LINER MONROE

**(By Leased Wire to Evening Herald.)**  
Washington, March 12.—All the bodies which sank with the old Dominion liner Monroe, when she was rammed by the Nantucket off the Virginia coast on January 28, have been recovered from the wreck by a strong submarine current.

Boats having nearly 200 additional pounds of lead on their equipment, found it impossible to remain on their feet in the large current which sweeps about the wreck. Forty-three bodies were lost in the collision. How many of those went down imprisoned in the ship is not known, but there were signs of recovering some bodies.

While we do not know definitely how bodies are lost in this arid sea, a large portion of and if there should be immediate development of a very large farming district, the government has encountered several good wells on the Navajo reservation and is drilling more and every well seems to bring in a good flow. You can afford to keep your eye on that section of the state.

### PROPOSE TO LET LITTLE BANKS IN ON FEDERAL RESERVE

**(By Leased Wire to Evening Herald.)**  
Washington, March 12.—To benefit farmers, the rural credit commission today recommended to congress that banks with a capitalization as low as \$2,000 be allowed to become member banks of the new federal reserve system. The commission contends that the present limit of \$25,000 prevents the benefits of the system being extended to a large degree to the farmers. The commission recommends that the states authorize the creation of credit unions and crop credit associations. These recommendations were submitted in a report on short term credits as distinguished from long term agricultural land credits.
